

ITCH GONE INSTANTLY PROOF AT 25 CENTS

What eczema sufferer would not spend 25 cents to cure that terrible agonizing itch?

Since our repeated recommendations failed to induce some eczema sufferers right in this town to try D. D. D. Prescription at \$1.00 a bottle, we arranged with the D. D. D. Laboratories of Chicago to offer a special trial—for the present—at only 25 cents for this special bottle. This nominal price is made to assure a trial by every skin sufferer.

The remedy will convince you instantly, for it takes the itch away the very moment you start to wash the skin, and it cures—as we know—Owens & Minor Drug Co., Washington & Early, Manchester.

BITTEN MAN WAITS BROTHER'S DEATH

He Sits at Bedside With His Own Wound Cauterized.

STAGGERS AWAY AT END

Dog He Patted Caused Hydrophobia of the Victim Long After He Was Bitten.

Philadelphia, Pa., April 15.—With the marks of a dog's bite, cauterized only a few hours before, on his own hand, James McCormick, of 2211 Olivia Street, all through Thursday night sat beside a cot in the Philadelphia Hospital in which his brother, Charles, writhed in the death agony of hydrophobia.

Throughout the long vigil he watched the sufferings of the brother, who had been his closest chum. He heard him snapping and barking like a dog, and the realization that he, too, might suffer the same fate in consequence of the bite he had received that day caused perspiration to stand out. When the convulsions of the sufferer strangled to the end, he became less severe, and

when finally they stopped altogether, a doctor bent over the form and announced that he was dead. Then the brother, a nervous wreck from the strain of the long vigil, staggered to his feet and was led from the room.

The grief of James McCormick and his father, the only survivors, is shared by a girl in Haddonfield. She had been engaged to marry Charles and the date for the wedding had been set. It was the bite of a dog more than a month ago that caused McCormick's death. He had never seen the dog before, but he was fond of animals, and he stooped to pat it on the head.

The dog jumped backward, then leaped at him and sank its teeth into his thumb, inflicting what was considered only a slight wound. Friends of McCormick advised him to have the injury attended to and for safety's sake, as he said, he went to the Medico-Chi Hospital, where surgeons cauterized it.

Last week he began to experience pains in his arm and legs, and gradually they began to swell, until finally they were three or four times their natural size. McCormick consulted a physician, and upon being questioned told of the encounter with the dog.

He was sent to the Philadelphia Hospital on Wednesday, suffering with hydrophobia. During the last days of his life he suffered intensely and had to be strapped to the cot. When James McCormick, the brother, was bitten by a dog while on his way from work in the Midvale Steel Works, he went at once to a hospital and had the wound cauterized.

Auto in Camel's Place.
[Special Cable to The Times-Dispatch.]
Berlin, April 15.—Both the English and German traders are seeking concessions from the Turkish government to establish regular automobile caravans on the old routes traversed by camel caravans. The most caravans supplied the camel, with the near future tourists will visit the Holy Tomb and other places of biblical interest by means of motor cars.

Heir to Throne Is Well.
[Special Cable to The Times-Dispatch.]
Madrid, April 15.—The three-year-old Prince of Asturias, King Alfonso's heir and the hope of Spain, has been the victim of certain malicious rumors that have found their way into the Republican press. They spoke of alleged physical defects which had developed in the baby prince, making him undesirable as a future monarch. The prime minister, Senor Canalejas, has now given an indignant and emphatic denial to the reports.

Berlin's Butter Boycott.
[Special Cable to The Times-Dispatch.]
Berlin, April 15.—The meat boycott in the United States is now being imitated here in another form. The Union of Metal Workers, which numbers many thousands of members, has resolved to proclaim a butter boycott for the next three months, by way of reply to the further rise in the price of butter, which has now reached 35 cents per pound.

AMBITIOUS PLANS FOR WORLD CRUISE

Taft Wishes It to Outshine That of Roosevelt.

25 WAR VESSELS ON TRIP

Armada Will Be More Powerful Than First One That Circumnavigated Globe.

Washington, D. C., April 16.—To close his administration by sending around the world the greatest battleship fleet ever assembled under any flag is the ambition of President Taft and his naval chief, Secretary Meyer.

The program, which has just been announced, becomes operative July 1, this year. By 1912 the plans will have culminated, and the fleet will begin a trip around the world which will overshadow that which the sixteen battleships made at the close of Roosevelt's administration.

Protection of the Pacific Coast and of our Far East possessions is provided for in the program. If Congress allows the administration a free hand and acts upon the recommendations of the President and Secretary of War, by 1912 there will be a fleet on the Pacific larger than the entire American fleet at the time of the Spanish-American War.

Twenty-one Battleships.
On July 1, 1912, the fleet will be made up for the closing year of the Taft administration, with twenty-one battleships, including the Wyoming and Arkansas, the 20,000-ton Dreadnoughts just laid down.

The fleet, which will assemble in Hampton Roads for its special trip, will consist of the battleships Wyoming, Arkansas, Florida, Utah, Delaware, North Dakota, Michigan, Connecticut, Louisiana, South Carolina, Kansas, Vermont, New Hampshire, Georgia, Nebraska, New Jersey, Virginia, Ohio, Minnesota, Mississippi and Idaho, and the armored cruisers Tennessee, Washington, North Carolina and Montana—twenty-one battleships and four armored cruisers. The command-

Men's and Young Men's Suits

\$15.00 All-wool hand-tailored garments, nicely styled and fit perfectly. Your choice of plain and fancy blue serges snappy gray mixtures and neat worsteds, all guaranteed to hold shape and color. CLEMENCY RECORD OF GOV. PATTERSON

Has Opened Prison Gates for 152 Murderers in Tennessee.

"HAM'S" HEART IS SOFT

Friends Excuse Him on Ground of Many Petitions Presented.

RECORD OF PARDONS ISSUED BY PATTERSON

956 pardons issued in three years and two months.
152 murderers freed.
103 illicit liquor sellers.
175 persons convicted of carrying weapons.
124 persons convicted of larceny.
402 persons convicted of other misdemeanors.

Average nearly six pardons a week.
Record for one day, thirty-eight.
Work of 152 judges, 228 lawyers, 1,824 jurymen in murder cases nullified.

Nashville, Tenn., April 16.—The opponents of Governor Malcolm R. Patterson, who are severely criticizing his action in pardoning Colonel D. B. Cooper, convicted of the murder of Ex-Senator E. W. Carmack, have turned their attention to the records in the office of the Secretary of State. These show that in his three years and two months in office Patterson has issued pardons to 556 men convicted of felonies and misdemeanors. He has pardoned 152 persons convicted of murder, 103 illicit liquor sellers, 175 men convicted of carrying concealed weapons, 124 convicted of larceny and 402 sentenced for other misdemeanors.

In this State illicit liquor selling and the carrying of weapons are only misdemeanors. Sometimes the accused is fined and given a workhouse sentence; at others only a fine is administered.

There are 1,600 convicts confined in prison in the State, and there is hardly one who has not appealed for clemency.

Defended by Friends.
The Governor's friends have pointed out that many of the pardons granted were issued by him after petitions had been signed by citizens of the community in which the crimes were committed. In other instances the judge and Attorney-General who tried the cases signed the petitions, and in still others a majority of the jury men urged clemency. Some of the pardons were for men in the mines and main prison, who, because of disease or injury, were incapacitated for work and had become a burden upon the State.

The Governor also liberated probably 100 minors, rather than have them, as he said, confined with hardened criminals. There has never been any concealment of the reasons for his acts of clemency.

"Ham's Patterson's heart" has been a familiar exclamation in Tennessee ever since he assumed direction of the State's affairs. From the first he has used his pardoning power freely and liberally, and his "clemency" before he began to wield his pen Governor Bob Taylor held the record for pardons, but Governor Patterson quickly made a new mark. He issued more than 200 pardons to Governor Bob's seventy-five.

Thirty-Eight in a Bunch.
Not content with this, the new Governor turned loose thirty-eight convicts in a bunch.

This was after he began to visit the mines and observe the prisoners. The day he liberated them he said he had not considered in taking the action how it would be received. He declared

Everybody Knows

That **ALASKA** stands for the best in refrigeration. That's why housekeepers buy the Alaska when the time comes to replace the old ice box or refrigerator and that's why all newly weds are starting right by buying the **ALASKA**.

You don't experiment when you buy the **ALASKA**. We can refer you to those who bought the **ALASKA** from us 20 years ago—They will give you the practical facts about its economy.

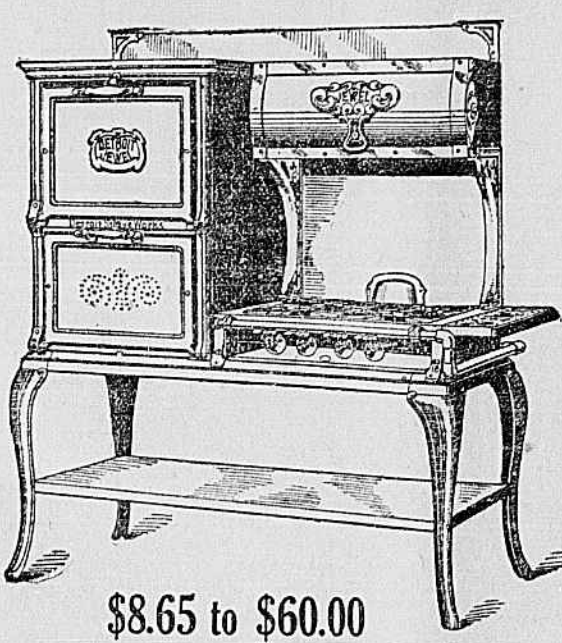

Prices \$10 to \$360

We are Thoroughly Convinced that Detroit Jewel Gas Stoves and Ranges

overtop everything in Gas Stove manufacture. We know that they will save housewives time, worry and fuel bills. That's why we've taken the agency and that's what we are going to show the public.

"OLD HICKORY"

Porch and Lawn furniture outlasts anything in Summer furniture—the most durable, yet the most artistic. We sell everything in **OLD HICKORY** from a chair or rocker to a summer house or a log cabin. Ask for catalogs.
